Furniture That "Glidders"

"All that glidders is not gold," says Mr. Dinkelspiel, "but if it does glider, you can bet it ain't mud."

You can apply Mr. Dinkelspiel's logic to furniture. You can't always be sure that a beautiful table or chair with good lines or careful finish is everything it pretends to be.

But you can be sure that it won't jar your nerves every time you come into the room.

And the man who can be trusted to put good lines into furniture can generally be trusted as to materials.

Every article in this entire store is guaranteed as to materials—and the designs can be trusted.

Avoid "Fly Time" Linoleum

"Women demand cheap linoleum," said a manufacturer, "so we make it."

"The boys call it 'fly-time' linoleum because most women put it down about the time the flies appear—and it's worn out before they go."

"The only material that will make real linoleum that lasts, is cork and oil. The process cannot be cheapened. When people insist on cheaper grades they cheat themselves."

Good linoleum will last years.

And it costs only a little more than the 'fly-time' variety.

Now is the time to put down good linoleum. It protects the floors and makes them sanitary.

For bath, kitchen, porch, and (imitation wood) for libraries, offices, dining-rooms and living rooms.

HUMANE SOCIETY MEETING.

Good Work Done in Washington County

—Report Revealed Much Cruelty.

The Washington County Humane society held its annual meeting last evening at the Kellogg-Hubbard library in Montpelier. The report showed that the society had done much to benefit the condition of dumb animals throughout the county. Sixteen horses have been shot, of which six would have starved to death if the society had not looked after them. Eight horses died of starvation because the society was not notified in time to do anything for them. In one instance the owner went to Boston for a week without leaving anyone in care of his team and one horse died before his return. Ten horses were stopped from work and their owners ordered to let them rest while numerous owners were ordered to blanket their teams in winter, cease from whipping and kicking them and treat them as civilized beings should.

Some of the instances of cruelty mentioned were so harsh as to seem almost unbelievable. In one instance, when mules drawing a load of hay were too weak to pull the load further, the driver provided them with a pitchfork; another instance, a spavined horse was so lame it could not get up when once it had laid down, so the owner kept a pitchfork behind the animal to prod him and prevent his lying down. A farm horse was found with a hole cut in each side of its neck and a piece of gas pipe inserted, as the owner had been told such treatment would cure a sunken chest.

The cases with which the society dealt last year included 200 horses, 25 dogs, two carloads cattle, six cows, three dogs and ten or twelve children.

Two amendments were made to the constitution at yesterday's meeting, one to include human beings, as well as animals, in the work of the society and another increasing the number of directors to one in each town of the county.

The following officers were elected: President, Dr. W. W. Brock; vice presidents, Dr. W. B. Mayo, Northfield, Clarence J. Lease, Barre, and O. G. Eaton, Waitsfield; secretary, Miss Rebecca Wright, Montpelier; treasurer, Miss Rose Lucia, Montpelier; councilors, Fred Gates, Montpelier, Mrs. E. E. Terrell, Montpelier, and H. C. Cutler, Plainfield.

MARSHFIELD.

Friday, May 5, Will Be General Cleaning-up Day in Town.

The Village Improvement society have chosen Arbor Day, Friday, May 5th, as cleaning up day, with the aim of accomplishing another step forward toward the ideal of a better, cleaner, and more attractive Marshfield. It is earnestly hoped that the people will cooperate with the society in this venture by cleaning their yards, removing rubbish and litter of all kinds from the streets. Our neighboring towns are some of them doing this same work, and one at least on the same day. Let every one help in this good work, and we are sure to be more than paid with the results.

Shipments of goods which should have arrived last week and the shipments which will arrive Monday and Tuesday will make almost an entirely new stock.
